6.Special Educational Needs & Disability (NI) Order 2005, SENDO, Access Arrangements

All Examination Centre Staff must ensure that the Access Arrangements and Special consideration regulations and guidance are consistent with the law.

Special Needs

- A candidate's special needs requirements are determined by the Learning Support Co-ordinator. All evidence to be retained by the Learning Support Co-ordinator.
- Parents to be informed by Learning Support Co-ordinator of the Access Arrangement by telephone call (recorded will be on SIMS). The Learning Support Co-ordinator will also explain to pupils what these arrangements are. - This includes all invigilation staff being informed of specific arrangements and their role in the Invigilation process as outlined in the JCQ Access Arrangements document.

It is JCQ's advice that access arrangements/reasonable adjustments should be processed at the start of the examination course. Schools, for example, should be able to process applications at the start of or during the first year of a two-year GCSE course having firmly established a picture of need and normal way of working during Forms 1-3. However, in the event of a temporary injury or impairment, or a diagnosis of a disability or manifestation of an impairment relating to an existing disability arising after the start of the course, access arrangements/reasonable adjustments should be applied for as soon as is practicable. Arrangements must always be approved before an examination or assessment. The School's access arrangements will be scrutinised by JCQ in mid-March and parents should be aware that applications after this date (with the exception of those relating to the circumstances highlighted above) cannot be considered.

7. Estimated Grades

The Subject Leaders will submit estimated grades, when requested by the Examinations Officer.

- The fee for this service will be paid by the relevant Department.
- Re-marks cannot be applied for once the original script has been returned.

Certificates

- Certificates are presented in person.
- Certificates may be collected on behalf of a candidate by a third party from the School Office, provided they have been authorised to do so.

- The Centre retains certificates for one year only.

Appeals

Any requests for appeal by a candidate, or parent/guardian of a candidate, should be made in consultation with the Subject Leader who will advise if the basis of the Appeal is suitable for investigation. The Subject Leader will then contact the Examinations Officer to investigate further and prepare the necessary paperwork. This will be signed off by the Head of Centre and forwarded to the relevant Examination board.

If any individual teacher has an issue with any examination arrangements or any queries brought to them by students in their teaching groups or form class, please inform the Subject Leader. Candidates, Clash Candidates and Special Consideration

Candidates

- The Centre's published rules (JCQ) on school uniform, behaviour and candidates' use of mobile phones and all electronic devices (including smart watches) apply at all times. No watches of any kind are permitted.
- Candidates' personal belongings remain their own responsibility and the Centre accepts no liability for their loss or damage (this includes mobile phones and other electronic devices).
- Disruptive candidates are dealt with in accordance with JCQ guidelines.
- Candidates may leave the examination room for a genuine purpose requiring an immediate return to the examination room, in which case a member of staff must accompany them.
- The Examinations Officer, Assistant Examinations officer or member of SLT will attempt to contact any candidate who is not present at the start of an examination and deal with them in accordance with JCQ guidelines.

Clash Candidates

The Examinations Officer will be responsible as necessary for identifying escorts, identifying a secure venue and making arrangements for overnight supervision.

Special Consideration

- Should a candidate be too ill to sit an examination, suffer bereavement or other trauma or be unwell during the examination itself, it is the candidate's responsibility to alert the Centre, or the Invigilator, to that effect.
- Any Special Consideration claim must be supported by appropriate evidence within five days of the examination, for example a letter from the candidate's Doctor.
- The Vice Principal, in consultation with the Examinations Officer will make a Special Consideration application to the relevant awarding body.

Coursework, Controlled Assessments and Appeals against Internal Assessments

Coursework

- Candidates who have to prepare portfolios should do so by the end of the course or centre-defined date.
- Subject Leaders will ensure all coursework is ready for despatch at the correct time.

Controlled Assessment

- It is the responsibility of each Subject Leader to obtain the controlled assessment task details from the examination boards.
- The Subject Leader should choose the most appropriate time for the controlled assessment to take place.
- The controlled assessment may take place during timetabled class time.
- Departments must plan when and how the assessment will take place, taking into account the accommodation and resources required. All staff should be notified when high level controlled assessment is taking place.
- If specified by the Examination Board, relevant display materials must be removed or covered up.
- All staff must be aware of the relevant level of control permitted (high, medium or low) as this will determine the level of permitted supervision e.g. high control means that students are under examination conditions.
- Separate user accounts for examination use must be used for high control level work. The procedures set out by the Examination Board must be followed – these may stipulate that pupils should have no access to internet or e-mail. Pupils must only be able to access work during the controlled sessions. If work is saved on memory sticks these must be collected in after each session and stored securely.
- All assessment materials must be stored securely at the end of each session. The final assessment work should be kept in Departments until requested by the Examining Body.
- If a pupil is perceived to have taken the controlled assessment under adverse circumstances, Subject Leaders are asked to refer the matter to the Vice- Principal with responsibility for Special Consideration, who will inform the Examination Board at the appropriate time.
- If a student is absent, the teacher must allow that student the opportunity to make up the time if necessary. This may be organised centrally by Departments and may take place outside normal timetabled class time e.g. lunchtime or after school. It may be necessary for Heads of Year/ Subject Leaders to contact parents/guardians to confirm the expected date of the pupil's return to school so that appropriate assessment arrangements can be put in place.
- If a candidate has prolonged absence, due to an unforeseen illness or other serious misfortune during the period when controlled assessment work was produced, Subject

Leaders are asked to refer the matter to the Vice-Principal with responsibility for Special Consideration, who will inform the Examination Board. Pupils should nonetheless be expected to complete the assessment at a later date if possible.

- Entries for controlled assessment must be made at the appropriate time.
- Attendance records from assessment sessions should be kept by the class teacher.
- Work should be submitted in the format appropriate to the controlled assessment. Printouts, charts and videos may be included where appropriate.
- Where the specification permits students to work with others, e.g. during collection of data, any descriptions of the joint work must be in each candidate's own words.
- Where work is assessed by the teacher and externally moderated by the examination board, standardisation of marking must take place in the school if more than one teacher is involved in the assessment process.
- If suspected malpractice occurs, the Examination Officer must be informed.
- If a student's work is mislaid within the school, the procedures set out by the Examination Board should be followed.
- Authentication forms must be signed by the teachers and candidates.
- Access arrangements do apply to controlled assessment.
- The assessment marks must be submitted to the examination board by the appropriate date.
- Candidates' work must be securely stored until all results have been verified.

Appeals against Internal Assessments

The Centre is obliged to publish a separate procedure on this subject, which is available from the Examinations Officer.

The main points are:

1. Appeals will only be entertained if they apply to the *process* leading to an assessment.
2. There is no appeal against the mark or grade awarded.
3. Candidates may appeal if they feel their coursework has been assessed unfairly, inconsistently or not in accordance with the specification for the qualification.
4. Appeals should be made in writing by 5.00pm 13th May 2022 to the Head of Centre who will decide whether the process used conformed to the necessary requirements.
5. The Head of Centre's findings will be notified in writing, copied to the Examinations Officer and recorded for awarding body inspection.

BTEC

1. For each qualification a Lead Internal Verifier (LIV) must be identified and registered with Pearson.
2. The LIV should have, or be seeking to obtain, within a defined timescale OSCA (Online Support for Centre Assessors) accreditation.
3. It is the responsibility of the LIV to ensure all Assignment Briefs meet the grading criteria. The Assignment Briefs will be checked by other staff delivering the course for their suitability.
4. The tasks will be completed during a combination of the timetabled classes, study periods and home work sessions.
5. In case of the event of a period of absence for the Lead Internal Verifier one of the other staff delivering the course must have a working knowledge of the system and processes that must be followed. If that absence is in-definite then the 'Protocol for new LIV' document must be implemented.
6. Students work will be collected upon the completion of the first draft of each task and appropriate feedback is given through the Assessors Comment Sheet. This feedback must be given within 4 weeks of the initial submission of the work.
7. After initial feedback, students will be given the opportunity of one resubmission agreed by the LIV. This must be resubmitted within 10 working days of that initial feedback.
8. When work is marked by those delivering the course standardisation of the marks will be carried out by the LIV. In the case of the LIV another teacher will check their marking.
9. A spreadsheet will be kept and regularly updated of the students' progression and achievement in each task in relation to the success criteria.
10. All assessment materials must be stored securely upon completion until the results have been verified or the work is requested by the Examining Body.
11. This work is then held for 12 weeks after the students have received certification for the course. When this period has elapsed the work can be returned to the students, whilst the accompanying material with the assessments is kept on file for 3 years.
12. An Assessment Plan for all the units currently being delivered must be kept on file – to date this is BTEC Sport and BTEC Computing.
13. Entries for the BTEC qualifications must be made at the appropriate time (in line with the BTEC Timeline document). The LIV will provide a list of students involved to the Quality Nominee (QN), who is responsible for entering the candidates. The QN will get the LIV to check this list is correct, before sending it electronically to Pearson.
14. If suspected malpractice occurs the QN should be informed. If the candidate is suspected to have plagiarised material, feedback to that affect will be given in the Assessors Comment Sheet. If such materials appear in the final draft no credit will be given for that work.
15. Authentication forms must be signed by the teachers and candidates.
16. The assessment marks must be submitted to the examination board by the appropriate date, in order to allow certification. The QN and LIV will submit these marks on or before June 1st to allow the learners the 14 days to appeal the outcome of their work if necessary. This will allow enough time to apply for the certificates so they will arrive to be stored securely and given to the candidates on A-Level results day.
17. If Students do not complete the entirety of the course, the various levels of fall back certificates will be offered to students for those sections that have been completed. This certification will take place routinely at the same time as certificates are being sought for those who have completed the full course.

18. If a student is unhappy with the mark they have received in their work, they can appeal the outcome. This must be done following the Appeals Policy. This policy must be shown to students as they start their BTEC course in September of their L6th year.

Succession of a Lead Internal Verifier

1. Within each program of study there must be a second member of staff who is delivering the course alongside the LIV.
2. This person should work closely with the LIV and must understand the processes that the LIV goes through in relation to their role and function. This would include:
 - a. Working with the QN to register candidates.
 - b. The process by which OSCA accreditation is achieved.
 - c. The method by which Assignment Briefs are selected, to ensure suitability.
 - d. Internal Verification of learner work.

BTEC Registration and Certification Policy and Procedures

1. Each student will be registered within the awarding body requirements. The Quality Nominee will send a memo to the Subject Leader requesting BTEC Course details, Programme Number and QAN code.
2. The Quality Nominee will produce a class list in .csv format to be submitted to Edexcel online. Prior to this being uploaded the QN will meet with the LIV of the subject to check the class lists the Programme Number and QAN code and as necessary make any amendments.
3. QN will register students on **Edexcelonline** by the **31st October**. Confirmation will be printed and distributed to Subject Leaders.
4. Make each student aware of their registration status. **(LIV, QN)**
5. Inform the awarding body of withdrawals, transfers or changes to student's details by the closing date of 31st January. **(QN/LIV)**
6. Inform the awarding body where the school is able to apply for reasonable adjustments or special consideration for individual students. **(QN/LIV)**
7. Authentication forms must be signed by the teachers and candidates.
8. The assessment marks must be submitted to the examination board by the appropriate date, in order to allow certification. The QN and LIV will submit these marks on or before June 1st to allow the learners the 14 days to appeal the outcome of their work if necessary. This will allow enough time to apply for the certificates so they will arrive to be stored securely and given to the candidates on A-Level results day.
9. If Students do not complete the entirety of the course, the various levels of fall back certificates will be offered to students for those sections that have been completed. This certification will take place routinely at the same time as certificates are being sought for those who have completed the full course.

10. If a student is unhappy with the mark they have received in their work, they can appeal the outcome. This must be done following the Appeals Policy. This policy must be shown to students as they start their BTEC course in September of their L6th year.
11. Audit certificate claims made to the awarding body. **(QN/LIV)**
12. Audit the certificates received from the awarding body to ensure accuracy and completeness. **(QN)**
13. Keep all records safely and securely for three years post certificate. **(EO, QN, HOL/LIV)**

Assessment Requirements for University

Entries for tests such as UCAT/BMAT/LNAT/HPAT are the responsibility of the pupil applying. Pupils are required to register for these tests independently and it their responsibility to make all the necessary arrangements pertaining to such assessments.
